NIS CHAPTER IX MEMO 17

DATE 26 May 1955

MEMORANDUM FOR: NIS Chapter IX Contributors

SUBJECT : Information included under Characteristics

1. The heading Characteristics under each item in Section 91 is intended to apply in the broad sense and should include, in addition to the visible aspects of the map, significant information on the following: 1) sources of information, such as statistical data, maps, aerial photography, and surveys; 2) compilers of the map (particular for special-subject maps), if not already included in the citation; and 3) references to data in the accompanying text.

2. If the evaluation of the map is based primarily on any of the factors listed under Characteristics, a statement to that effect may be added under the heading Evaluation.
